CRN'S
LADY TRUDY

RELEASED TO THE PUBLIC IN THE FALL OF 2011, CRN'S LADY TRUDY OFFERS UP A NEO-AMERICAN CLASSICAL YACHT DESIGN ON THE INTERIORS, WHILE MAINTAINING THE SLEEK LOOKS NORMALLY ASSOCIATED WITH ITALIAN STYLING. CRN is the megayacht arm of the Ferretti Group and as such collaborates with Zuccon International.

With an elongated aft structure, added to function as a touch-and-go helicopter pad, the sun deck presents guests with an enormous and spacious area to soak up some sun, enjoying drinks and al fresco meals. Lounging on one of the amply present sofas, sunbeds, loungers and chairs, whether in sun or shade and framed with surrounding panorama views, time spent on this luscious deck is time spent relaxing in style and luxury. Set in a palette based of beige, with a red and white variation of the vessel's signature style of detailing, comfort is key for *Lady Trudy's* exterior areas. Soft fabrics, lush cushions, stylishly large furnishings perfectly complete all available amenities. A colonial mahogany cabinet elegantly houses a big flat screen television, bringing modern facilities to a classic setting.

Located on the forward main deck, the full-beam owner's cabin features crisp clean white, supported by balanced details of beige and, for the furnishings, classic mahogany. Additionally, a private balcony can be found as part of the owner's stateroom. Individual cabins have their styling and colour accents. On the interior, the owner was heavily

involved with Ferretti Group designers to achieve his desired look. Even the aft decks on each level have their own themes and colours. The upper aft deck in particular offers a huge amount of space and will be the main socializing area on this yacht.
